

**Router Raizer Access Point**

Drill .500" hole  
through router  
table insert plate

install #30 dust cover insert  
into .500" hole and press flush  
with top of insert plate

**NOTE: This hole must be drilled 1/2" or .500"  
for #30 dust cover insert to fit properly.**

Use this 6" scale to check accuracy when copied

**TRITON TRC 001**

**Note:** Cross lines for locating and drilling holes are accurate. The illustration of subbase may vary slightly in size and design, but is accurate enough for cutting the rubber gasket if required.
